In Prep, we engage the children in writing by sharing an experience. Then we talk about it and write about it. On this day we were given frozen dinosaur eggs! Can you believe it? This was part of our first week's attempt at writing. Some children wrote the alphabet, some a string of letters and some numbers, but most had a go! In Prep we have a real focus on 'never giving up' and 'doing our best'! I am so proud of the children's efforts!
